

DekPro™ InvisiCable

Cable Railing for Wood Systems

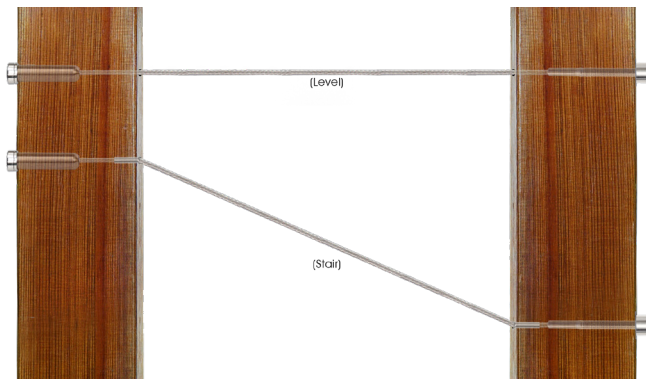

A simple, affordable cable railing option for the value conscious consumer that wants the look of cable but at a lower cost. Made from 316 marine-grade stainless steel components and cable.

Kit includes 1 run of cable with 2.75" broached threaded tensioner, Pull-Lock fitting, two end caps, washers and brass Nylock hex nut. Kits are field trimmable to the proper length and come in 5' increments to 30' then 40' and 50'.

Don't confuse this kit with a competitors – we include **BOTH** end caps in each kit!

Perfect for interior and exterior use – decks, docks, balconies and stairways utilizing wood or solid composite posts. Fittings are concealed in the post creating a clean, almost invisible infill. Holes are drilled straight through the post and no angled holes or beveled washers are required.

Backed by ADI™ and DekPro™ Manufacturing with a 10 Year Warranty

For level runs:

- Threaded Tensioner to Pull-Lock®.

For stairs, pitched runs:

- Threaded Tensioner to Pull-Lock® with 3/4" Post Protector Sleeve
