

Inspired by Nature

Manufactured with specially formulated polyurethane, fire retardants and UV inhibitors, SlateStone™ Post Covers simulate the look and durability of real stone.

Cost Effective

- ✓ SlateStone™ Post Covers are a cost effective alternative to real or cast stone.

Lightweight

- ✓ Lightweight post covers can be handled easily by a single installer.

Durable

- ✓ Resistant to weathering in any climate.

Realistic

- ✓ Most people need to touch it before they can believe that it's not real stone.

Low Maintenance

- ✓ SlateStone™ Post Covers require almost no additional work to maintain.

Stackable

- ✓ Post covers can be stacked one on top of the other to achieve any height.

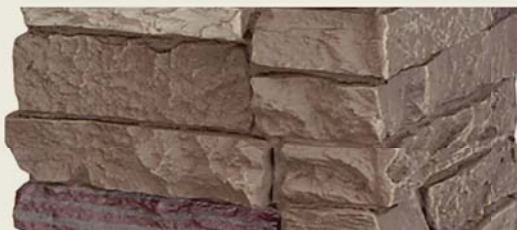

20 Year Limited Warranty

- ✓ These tough post covers will continue to have an attractive look for many years.
